EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney James Simmons on 10/31/03.

The application has been amended as follows:

Please change "Claim 17 (currently amended). Apparatus according to claim 17" to --
Claim 16 (currently amended). Apparatus according to claim 17—

Allowable Subject Matter

2. Claims 1 – 14, 16 – 17, 19, and 21 are allowed.

3. The following is an examiner's statement of reasons for allowance: the record of prior art does not show the apparatus having a rotor, a stator, first and second axially spaced combinations each including at least one permanent magnet disposed on each of said rotor and said stator on opposite sides of a respective axially extending gap portion and polarized to levitate said rotor and further including an electrically energizable coil wound as a toroid over said respective at least one stator magnet and with said respective at least one rotor magnet disposed substantially within the toroid for modulating magnetic flux between said respective stator and rotor magnets. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee.
